

Excellence :: Recognition :: Celebration

The Queensland Timber Industry Awards are an important means of highlighting excellence in our industry and rewarding organisations who are leading the way in terms of service, innovation and commitment to improving both their business and the industry as a whole. The gala evening when these awards are presented is the only event of its kind; it provides a platform to celebrate our industry, our state and recognise our top performers. This evening is set for Saturday 9 October 2010 at the Sofitel in Brisbane city.

To maintain the credibility of these awards and therefore the prestige and honour they represent for finalists and winners, the judging criteria for 2010 have been adjusted to reflect recent ideals and trends as well as give greater weight to operational areas of importance. The criteria for each category is available to view on the website, www.tabma.com.au - Queensland - Information Sheets - 2010 QTI Awards Criteria.

Please complete the form attached indicating the company and category you wish to nominate. This is the *Queensland Timber Industry Awards*, as such nominations are open to all members of industry, not just TABMA Queensland members. If you wish to nominate more than one business and/or individual please copy this form and complete an entry for each nomination. All nominations will be kept confidential and only be seen by TABMA Queensland management and judges. Nominations close 30 April 2010.
